Hi Audrey,

I'm sorry was on a 3.5 hour call this AM regarding HAMP. I tried opening your calendar link and it was blank. I could do 2:30-3pm today. Or tomorrow is pretty free. Just let me know what works. I will reply to all regarding the most recent update on the village agreements, etc.

Thanks.

Emmanuelle

Hi Emmanuelle,

When you are back, would you mind scheduling a meeting with me to discuss the HAMP? I'd like to have a better sense of what's going on and your thoughts on how to best move forward on the HAMP. My schedule is up to date and I'm looking forward to our conversation.

Thanks,

Anyway, I appreciate everyone's hard work on this case and input. I would imagine Thanne would support my office meeting w/our counterparts at IHS and USDA at any time to figure this out.

That being said, yes September is going to work better for Janet and me to make the trip.

**Subject:** Call w/Lionel on Hopi Villages

FYI: Lionel finally called me this past Friday and explained that he's been busy meeting w/contractors on water rights issues. He didn't have many updates on the villages and signing of the MOAs. Lionel guessed that the MOAs would be signed by all the villages by the end of August. We heard the same for July, I said the same. Lionel noted that Tim Bodell, the HUC Director, is leading the outreach effort and meeting w/the villages. I said Tim is not the best person for this job and recommended that Lionel take the lead on this work. Lionel said he thought it would still be a good idea for us to come out this month to meet w/the villages and Water and Energy Team to put pressure on folks to sign the MOAs. Lionel said he would report back on the MOAs by the end of this week.

I know travel in August might be challenging for Kimby, so September might be better.
